### AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

#### Listing of Claims:

1. (Currently Amended) A topical skin care composition comprising:
  - a) from about 1% to about 5% 0.001% to about 4% of a sugar amine;
  - b) a safe and effective amount of from about 0.1% to about 50% of a vitamin B<sub>3</sub> compound; and
  - c) a dermatologically acceptable carrier for said sugar amine and said vitamin B<sub>3</sub> compound.
2. (Currently Amended) A composition according to Claim 1 wherein said composition comprises from about 2% to about 5% 0.1% to about 3% of said sugar amine.
3. (Currently Amended) A composition according to Claim 1 wherein said composition contains from about 0.1% to about [[50%]] 15% of said vitamin B<sub>3</sub> compound.
4. (Original) A composition according to Claim 3 wherein said composition contains from about 0.2% to about 5% of said vitamin B<sub>3</sub> compound.
5. CANCELED
6. (Currently Amended) A composition according to Claim [[5]] 1 wherein said sugar amine is selected from the group consisting of glucosamine, N-acetyl glucosamine, galactosamine, N-acetyl galactosamine, mannosamine, N-acetyl mannosamine, and mixtures thereof.
7. (Original) A composition according to Claim 6 wherein said sugar amine is glucosamine.
8. (Original) A composition according to Claim 6 wherein said sugar amine is N-acetyl glucosamine.

9. (Original) A composition according to Claim 1 wherein said vitamin B<sub>3</sub> compound is selected from the group consisting of niacinamide, tocopherol nicotinate, and mixtures thereof.

10. (Currently Amended) A composition according to Claim 1 wherein said composition further comprises an additional skin care active selected from the group consisting of desquamatory actives, anti-acne actives, terpene alcohols, retinoids retinol, retinol esters, retinyl palmitate, retinyl acetate, retinyl propionate, retinal, retinoic acid, peptides, hydroxy acids, anti-oxidants, radical scavengers, chelators, anti-inflammatory agents, topical anesthetics, tanning actives, skin lightening agents, anti-cellulite agents, flavonoids, antimicrobial actives, skin soothing agents, skin healing agents, antifungal actives, sunscreen actives, conditioning agents, structuring agents, thickening agents, and mixtures thereof.

11. (Original) A composition according to Claim 10 wherein said additional skin care active is selected from the group consisting of retinyl propionate, salicylic acid, tocopherol, tocopherol esters, farnesol, phytosterol, isoflavone, phytantriol, panthenol, dex-panthenol, allantoin, bisabolol, palmitoyl peptide derivatives, and mixtures thereof.

12. (Original) A composition according to Claim 1 wherein said sugar amine is N-acetyl glucosamine and said vitamin B<sub>3</sub> compound is niacinamide.

13. (Currently Amended) A composition according to Claim 12 further comprising an anti-oxidant selected from the group consisting of ascorbic acid, its salts, derivatives, salts thereof, magnesium ascorbyl phosphate, and mixtures thereof.

14. (Original) A composition according to Claim 13 wherein said composition comprises from about 0.1% to about 10% of said anti-oxidant.

15. (Original) A composition according to Claim 13 wherein said composition comprises from about 1% to about 5% of said anti-oxidant.
